

## SSCI INDOOR PLAYGROUP COVID-19 POLICIES & PROCEDURES

Saskatoon Kinsmen/Henk Ruys Soccer Centre - 219 Primrose Drive

Saskatoon Soccer Centre Inc. is committed to providing a healthy environment for sports and activities. SSCI has set new policies and procedures to provide the opportunity to play safely and physical distance as much as possible. These include wearing masks, having designated entrances and exits for our facilities, additional hand sanitizer stations and increased disinfecting and cleaning practices. Our indoor facilities are equipped with mechanical ventilation systems designed to provide fresh air throughout the buildings.

PLEASE REVIEW THE PROVINCE OF SASKATCHEWAN'S COVID-19 PRE-SCREENING TOOL PRIOR TO ARRIVING AT THE FACILITY. IF YOU HAVE SYMPTOMS, DO NOT ENTER THE FACILITY AND CALL 811 IMMEDIATELY.

SSCI Indoor Playgroup's regular playing fields have been split into two sections, so we now have FOUR separate spaces to play. Each space (A, B, C, D) is over 7200 square feet PLUS a few thousand more for the lobby and bathrooms. Plenty of room to space out while running off that winter energy! Below are the key points about our reopening plan for Indoor Playgroup.

**REGISTRATION:** In order to expedite the start of the season, please consider registering prior to your first arrival by emailing, messaging on social media or calling. We require parent/caregiver name, email and phone number. We will have our short waiver for you to read and sign upon arrival. If you have a child under 1 we will also need their date of birth.

**PLAY SPACES:** Our fields have been split in two, so we now have FOUR separate areas with a maximum of 30 people per area. A & B spaces are on Original Joe's field and C & D are on Cliff Wright field. Please review the attached field level maps for field access points. You will be able to pick the field you prefer, subject to capacity. You will need to remain on the field you start on. Please keep children away from the netting separating the fields, as it must not be touched. Bouncy castles will not be used for the time being. Ventilation fans will run during the program - you may wish to bring a sweater in case it gets chilly.

**HAND SANITIZER:** Pumps are available at the field entrances and the lobby. Everyone is encouraged to also bring their own for personal use.

**DISINFECTING PROCEDURES:** The facility and toys will be disinfected daily using a food safe disinfectant in an electrostatic sprayer. Additional cleaning will also be done in the public areas such as Admissions desk, washrooms and field entrances throughout the program. In each play space, and at the 'caffeination station', there will be cloths and spray bottles with food grade disinfectant available for use.

**PHYSICAL DISTANCING:** Physical distancing is encouraged in all areas of the facilities at all times.

MASKS ARE MANDATORY IN COMMON SPACES FOR AGES 8 AND UP. ALL PATRONS ARE RESPONSIBLE TO SUPPLY THEIR OWN MASKS.

- Masks are optional on the fields
- Masks are available to purchase for \$1 at the Admissions Desk

We may need to make adjustments to these procedures, which can be found at the Admissions Desk, our social media accounts or by getting in touch directly. As always, we love hearing from you so feel free to get in touch. We sincerely look forward to seeing you soon!

*Thank you for your cooperation!*
